

# OUR SOURCING PROCESS

## FROM FARM

We work with trusted farms and partners domestically and internationally to ensure that product sourced meets our strict quality requirements.

## TO OUR FACILITY

Once items arrive at our BRCGS certified facility, we treat them to ensure they are food safe and ready-to-eat, maintaining strict quality standards to provide the best finished products.

## TO YOU!

With hundreds of customers across the globe – applications ranging from functional food and beverage, to nutraceutical and pharmaceutical, you can feel confident that you are getting the very best nature has to offer!

## WHY WE'RE UNIQUE

- ✓ A globally recognized supplier of wholesale spices, herbs, botanicals and adaptogens
- ✓ Located close to port in Virginia Beach, VA
- ✓ Wide breadth of capabilities including sorting, drying, milling, treating and testing
- ✓ Custom sourcing and product specification available
- ✓ Experience with organic and wild-crafted items
